

Central Intelligence Agency  
Office of the Deputy Director for Intelligence

10 September 1986

NOTE TO: Director of Central Intelligence

I thought you would want to see some of the DI's latest work on the Philippines since President Aquino will be visiting Washington next week. We produced this package of topical papers for a select group of 30 US policymakers who are involved with preparations for the visit, including Richard Childress, Don Gregg, Richard Armitage, and Gaston Sigur.
